# Synthetic Provider Administrative FAQ

SYNTHETIC DEMONSTRATION DOCUMENT. Fictional provider guidance for the IHSA prototype.

## Submitting prior authorization requests

Provider staff submit prior authorization requests through the synthetic provider portal. Each request must list the procedure code, such as SYN-PROC-MRI-LUMBAR, and attach the documents listed in the matching prior authorization guide.

## Checking request status

The provider portal shows whether a request is Submitted, In review or Decided. The IHSA assistant does not report authorization decisions.

Provider claim submission

Claim submission deadline

In-network providers must submit claims within 90 days of the service date. Claims received after 90 days are denied as late unless the provider shows good cause.

Corrected claims

A corrected claim must reference the original claim number and is due within 60 days of the original claim's processing date.
